

CERTIFICAT

The certifying body Zertifizierung Bau GnbH hereby certifies that the enterprise

Wayss & Freytag Ingenieurbau AG

Eschborner Landstraße 130-132 • 60489 Frankfurt am Main

with their locations listed on pages 2

have introduced and apply a quality management system in accordance with

DIN EN ISO 9001:2015

in the fields

Development, planning and execution of building services in the segments of tunnelling civil engineering, special civil engineering, structural engineering, bridge constuction and engineering structures, railway constuction, hydraulic engineering, environmental technology, and building preservation

> The certificate comprises 2 pages and is valid from 04/04/2020 until 03/04/2023 only in connection with ist entry in www.zert-bau.de/unternehmenssuche.

Registration no.: Revision date:

4.05.0230 02/04/2020 First certified: 01/03/2006

Dipl.-Ing. Kerstin Scharn GB Systemzertifizierung Annex tot he certificate of 04/03/2020 Wayss & Freytag Ingenieurbau AG Registration-no. 4.05.0230

Locations included in this certification:

Wayss & Freytag Ingenieurbau AG Head Office Eschborner Landstraße 130-132 60489 Frankfurt

Development, planning and execution of building services in the segments of tunnelling civil engineering, special civil engineering, structural engineering, bridge constuction and engineering structures, railway constuction, hydraulic engineering, environmental technology, and building preservation

Northern Region Heidenkampsweg 82a 20097 Hamburg

Development, planning and execution of building services in the segments of tunnelling civil engineering, special civil engineering, structural engineering, bridge constuction and engineering structures, railway constuction, hydraulic engineering, environmental technology, and building preservation

Central Region Wiesenstraße 21A 40549 Düsseldorf

Development, planning and execution of building services in the segments of tunnelling civil engineering, special civil engineering, structural engineering, bridge constuction and engineering structures, railway constuction, hydraulic engineering, environmental technology, and building preservation

Southern Region Geisenhausenerstraße 15 81379 München

Development, planning and execution of building services in the segments of tunnelling civil engineering, special civil engineering, structural engineering, bridge constuction and engineering structures, railway constuction, hydraulic engineering, environmental technology, and building preservation

Tunneling Segment Eschborner Landstraße 130-132 60489 Frankfurt

Development, planning and execution of building services in the segments of tunnelling civil engineering, special civil engineering, structural engineering, bridge constuction and engineering structures, railway constuction, hydraulic engineering, environmental technology, and building preservation

Environmental technology/building preservation segment Eschborner Landstraße 130-132 60489 Frankfurt

Development, planning and execution of building services in the segments of tunnelling civil engineering, special civil engineering, structural engineering, bridge constuction and engineering structures, railway constuction, hydraulic engineering, environmental technology, and building preservation

Großtagebau Kamsdorf GmbH Am Revierhaus 30 07333 Unterwellenborn/OT Kamsdorf

Extraction of mineral building materials and fertilisers, recycling of building materials and inert substances (cf. separate certificat no. 4.05.0230.1)

 Registration no.:
 4.05.0230

 Revision date:
 02/04/2020

 First certified:
